

Open Gardens Manuden 2018 Sunday 8th July

Just a gentle reminder dear reader that we have a date for next year! We are looking forward to the Open Gardens day and as promised a couple of top tips for you for this time of year! Do dig out the last issue of the magazine for advice on planting Hyacinths for flowering just after Christmas in January. The scent will fill the house and it ushers hope for the spring to come! In fact order and start planting daffodils and spring bulbs now! Sow some hardy annual seeds now for bigger plants next year (don't leave too long into October, it's really a September job). Plant some wallflowers usually found in the market wrapped in newspaper and surprisingly successful. Raise your mower blades at the time of writing the grass has barely slowed up and you may still be cutting it!!

Don't forget that we need small and large gardens to open next year so please consider joining in!

Richard Dale-Cooke

More details to follow – if you would like to open your garden next summer then please
